

# **The Challenge of Big Data in Science (5th International LSDMA Symposium)**

**Wednesday 05 October 2016 - Wednesday 05 October 2016**

## **KIT Programme**

# Table of contents

Wednesday 05 October 2016 . . . . .	3
Welcome, Introduction . . . . .	3
Moving data from research enabler to trusted research output: challenges for infrastructure providers and national services . . . . .	3
Funding Research Data Management and related Infrastructures . . . . .	3
Getting Science out of eScience . . . . .	3
The role of the EDISON Framework in building Data Science professionals: one size definitely does not fit all . . .	3
The development of national road maps for digital research infrastructures in the international context . . . . .	3
User Community Driven Development in Trust and Identity . . . . .	3
Assessing Societal Aspects of Big Data - the Project ABIDA . . . . .	3
Beyond the "under-desk datacentre": lessons from research data management in the UK . . . . .	3

## **Wednesday 05 October 2016**

### **Welcome, Introduction - Aula, FTU (09:00-09:30)**

- Presenters: Prof. STREIT, Achim (KIT)

### **Moving data from research enabler to trusted research output: challenges for infrastructure providers and national services - Aula, FTU (09:30-10:30)**

- Presenters: TRELOAR, Andrew (Australian National Data Service)

### **Funding Research Data Management and related Infrastructures - Aula, FTU (11:00-11:30)**

- Presenters: CORDEWENER, Bas (Knowledge Exchange)

### **Getting Science out of eScience - Aula, FTU (11:30-12:00)**

- Presenters: HAZELEGER, Wilco (Netherlands eScience Center)

### **The role of the EDISON Framework in building Data Science professionals: one size definitely does not fit all - Aula, FTU (12:00-12:30)**

- Presenters: BREWER, Steve (University of Southampton)

### **The development of national road maps for digital research infrastructures in the international context - Aula, FTU (14:00-14:30)**

- Presenters: RIENHOFF, Otto (Uni Göttingen)

### **User Community Driven Development in Trust and Identity - Aula, FTU (14:30-15:00)**

- Presenters: KANELLOPOULOS, Christos (GRNET)

### **Assessing Societal Aspects of Big Data - the Project ABIDA - Aula, FTU (15:30-16:00)**

- Presenters: HEIL, Reinhard (KIT)

### **Beyond the "under-desk datacentre": lessons from research data management in the UK - Aula, FTU (16:00-17:00)**

- Presenters: DOVEY, Matthew (JISC)
